

YOUR AGE BY CHOCOLATE MATH

Don't tell me your age; you'd probably lie anyway-but the Hershey Man will know!

YOUR AGE BY CHOCOLATE MATH

This is pretty neat.

**DON'T CHEAT BY SCROLLING DOWN
FIRST!**

It takes less than a minute .

Work this out as you read .

Be sure you don't read the bottom
until you've worked it out!

1. First of all, pick the number of times a week that you would like to have chocolate (more than once but less than 10)

2. Multiply this number by 2 (just to be bold)

3. Add 5

4. Multiply it by 50 -- I'll wait while you get the calculator

5. If you have already had your birthday this year add 1762 ..
If you haven't, add 1761..

6... Now subtract the four digit year that you were born.

You should have a three digit number

The first digit of this was your original number
(i.e., how many times you want to have chocolate each week).

The next two numbers are

YOUR AGE! (Oh YES, it is...)

*ENJOY YOUR CHOCOLATE AND
SPREAD IT AROUND WHILE IT
LASTS.*
