

This dog's asleep. Wait, I mean "This dog's a-sheep."

After your hound is planted, expect puppies to sprout in six to eight weeks.

I'm actually not sure if this dog is asleep or just having a vulnerable bonding moment with the table leg.

Because really, isn't every water dish just a very small pool?
Does that mean that every pool is just a large water bowl?!

Hey, I'm just gonna see if my Kong went under the cou...zzzzz.

All 2016 Hondas will have puppy sleep handles as a standard feature.

Sorry, your patio furniture is now a dog bed.

No, seriously. Your patio furniture is a dog bed.

"I didn't fall asleep in the food bowl! You fell asleep in the food bowl!"

Somebody doesn't understand the concept of a pillow.

And that was the day he discovered his dog had a shoe fetish.

Although he loved music, it was Spot's greatest secret that he was actually tone deaf.

Bitsy built her own version of Temple Grandin's hug machine.

He didn't even rinse himself off in the sink before getting in the dishwasher.

Shifting into sleep mode.
